## Product

Mogan Elite Series

Miniature ear-worn microphone

## Product Brief Description

The Mogan Elite Omni Earset Microphone delivers full-frequency vocal reproduction for broadcast, theater, and presentation. Featuring a discrete, 2.5 mm Omni-directional condenser element with high gain before feedback, it faithfully captures every vocal nuance in sparkling detail. A fully adjustable boom and earpiece enables precise positioning on one's left or right ear for maximum stability and comfort, making it ideal for extended use. Its moisture-resistant capsule and hypoallergenic earpiece may be sanitized if the microphone is shared. The Elite Series earset is ideal for both spoken word and vocal performance.

The Elite Series comes in a zipper case containing the microphone, cable with hardwired connector, cable clip, and wind sock.
