3i – Series

Waterproof Airtight Storage Case

Product Brief Description

3i Series injection molded waterproof cases are constructed of ultra high-strength polypropylene copolymer resin and feature a gasketed, waterproof and airtight, submersible design (IP67) that is resistant to corrosion and impact damage. Its continuous molded-in hinge, patented "trigger release" latch system, comfortable, snap-down rubber over-molded cushion grip handle, secure stacking, and automatic ambient pressure equalization valve (MIL-STD-648C) all contribute to its military grade design.

Features

Benefits

• Injection Molded	• Very Strong – (2 ½ x stronger than Pelican)
• Light Weight	• Lighter than pelican
• Field replaceable latches, handles, & hinges	• Do not have to send in whole case for service
• Lifetime unconditional warranty	• No questions asked
• Interior options	• Empty, cubed, layered or Custom foam
• Trigger Latches	• Open quickly and easily, one finger operation
• TSA Locks Available	• Easy transportation through airport security

Applications

- Cameras
- Projectors
- Microphones
- Field Recorders
- Test Equipment
- Musical Instruments
- Laptops
